**TO WHOMSOEVER IT MAY CONCERN**

It has been pleasure to work with Mr. Krishna Sumanth Gundluru, one of the co-founders of our startup, Oviken Technologies Pvt. Ltd. working on project 'SCANKET' in the field of Smart Transportation Application in Business to Government (B2G) customer segment.

His leadership skills were outstanding and very helpful and highly appraised by our Oviken team. His performance was proven to be among the most effective in our team. He played a key role and I would like to thank him for his excellent contribution for achieving the following milestones:

- Ideated a Mobile App based ticketing system that solved unified transport/mobility issues in sync with UMT policy
- Played a crucial part in partnering with Indian Telephone Industries (ITI) Limited.
- Represented the idea and a major contributor towards selection of the idea in top 13 startups in WRI STAMP 2017.
- Handled both Software and Hardware Development of the product in the prototyping stage.

We wish him all the best in his future endeavors.

For Oviken Technologies Pvt. Ltd.

Mr. Rohan Chalke

Director & Co-founder
